

## Standard Series, CCMO Series

In the case of discrete line and flexible connector wiring type

Contact pins	Unused soldering pad No.	
27pins	1、 2、 3、 4、 5	33、 34、 35、 36、 37
28	1、 2、 3、 4、 5	34、 35、 36、 37
29	1、 2、 3、 4	34、 35、 36、 37
30	1、 2、 3、 4	35、 36、 37
31	1、 2、 3	35、 36、 37
32	1、 2、 3	36、 37
33	1、 2	36、 37
34	1、 2	37
35	1	37
36	1	
37		

## Standard Series, CCMO Series

In the case of the type with FRC connector

## The cautions to get poisoned by FRC connection

- **The relation of connection from the probe**

The relation of connection from the probe to a connector connection pattern is the same as that of disk lied line type wiring. Please refer to the above.

- **The product number of the following should be beware.**

- CCNS-050-12-FRC、 CCNS-100-12-FRC

FRC connector of 14 cores is equipped.

Therefore, No. 13 and 14 of connector connection pattern do not wire.

- CCNM-080-17-FRC

FRC connector of 20 cores is equipped.

Therefore, No.18, 19 and 20 of connector connection pattern do not wire.
