In the case of the type with FRC connector

The cautions to get poisoned by FRC connection

- **The relation of connection from the probe**

The relation of connection from the probe to a connector connection pattern is the same as that of disk lied line type wiring. Please refer to the above.

- **The product number of the following should be beware.**

- **CCNS-050-12-FRC、 CCNS-100-12-FRC**

FRC connector of 14 cores is equipped.

Therefore, No. 13 and 14 of connector connection pattern do not wire.

- **CCNM-080-17-FRC**

FRC connector of 20 cores is equipped.

Therefore, No.18, 19 and 20 of connector connection pattern do not wire.
